PERSONAL SUMMARY

I am an Enthusiastic and detail-oriented Front-End Developer with experience in creating responsive and interactive web applications. I am proficient in TypeScript, Javascript, and modern web design frameworks. Adept at using ReactJs for developing dynamic and user-friendly interfaces. I am committed to delivering high-quality code and excellent user experiences. Naturally, I am a problem solver.

EXPERIENCE

Junior Frontend Developer

Haven360-Lab Lagos, Nigeria
January 2024 – present

- Developed responsive web applications using ReactJS and TypeScript, ensuring cross-browser compatibility and mobile responsiveness.
- Collaborated with back-end developers to integrate RESTful APIs and optimize data handling using JSON.
- Transform product design into engaging web applications, ensuring seamless user experiences across various browsers.
- Manage diverse frontend tasks, including User Interface(UI) development, performance optimization, code review, and maintenance.

Frontend Developer Intern

Haven360-Lab Lagos, Nigeria
Sep. 2023 – Jan. 2024

PROJECTS

Collabofund

- Collabofund is a versatile financial management app offering a wide array of features that allows people to contribute money, withdraw funds, and monitor contributor's progress.
- Develop the frontend features using React framework and consume the restful apis
- I work on settings page, authenticate users to change profile, password through form validation and implement notification page

ParrotAI

- It is a one app to manage all your social media content post. Smartparrot helps you generate content for all your social media platforms, schedule posts, assign tasks, and track activity across your social accounts

Responsive E-Commerce Website ([Shopsy](#))

- Developed a fully responsive e-commerce website using ReactJS and TypeScript, featuring dynamic product listings.

A quiz Application ([Quiz App](#))

- I built a real-time quiz application using ReactJS, allowing users to try their knowledge on computer questions while they get the correct answer and score by the end of the quiz.

A dummy Immigration office website ([Immigration](#))

- A responsive immigration website for mobile and large screen device
- I integrated dropdown menu that translate smoothly

A multistep form page ([Multi-step-form](#))

- This is a responsive website where users can see hover and focus states for all interactive elements on the page
- I integrated payment selection into month and year and implemented payment selection, ad-ons.

INTEREST

- Artificial Intelligence, DevOps, AI Products, Cake and pastries, Chess, Football, Traveling

EDUCATION

University of Ibadan, Ibadan, Oyo State **2021-2023**

Masters of Science in Product and Processing

Obafemi Awolowo University, Ile-Ife, Osun State **2014-2019**

Bachelor of Agriculture in Animal Science

(Second Class Upper Division)
