PERSONAL SUMMARY

I am an Enthusiastic and detail-oriented Frontend developer with experience in creating responsive and interactive web applications. I am proficient in TypeScript, JavaScript, and modern web design frameworks. Adept at using React.js and Next.js for developing dynamic and user-friendly interfaces. I am committed to delivering high-quality code and excellent user experiences anytime.

EXPERIENCE

Junior Frontend Developer
Haven360-Lab   Lagos, Nigeria
Jan. 2024 – present

- Developed responsive web applications using ReactJS and TypeScript, ensuring cross-browser compatibility and mobile responsiveness.
- Collaborated and Integrated RESTful APIs to fetch dynamic data, streamlining data updates and reducing manual intervention by 30%
- Managed diverse frontend tasks, including User Interface (UI) development, performance optimization, and code review
- Developed and implemented new user interface (UI) components using React.js, which improved page load
- Debugged and resolved over 120 bugs and site issues, therefore reducing customer complaints by 45%
- Optimized CSS and JavaScript performance across multiple platforms, cutting loading times by an average of 2 seconds per page

Freelance Web Developer
Jun. 2023 - Dec. 2023

- Collaborated with a friend to develop and launch 4 small business websites using WordPress, boosting client web presence by 50%
- Maintained websites by performing regular updates and backups, ensuring 99% uptime
- Conducted website performance audits and implemented optimization strategies, improving site speeds by 20%

Junior Frontend Developer
Frontend-Mentor
2022– 2024

- Converted static design files into responsive, interactive web pages using html, CSS, and JavaScript
- Enhanced website functionality and user experience by implementing responsive design techniques and optimizing for various devices
- Refined and debugged code to ensure compatibility across different browsers and improve overall performance

SKILLS

- HTML
- CSS
- JAVASCRIPT (ES6)
- TYPESCRIPT
- REACT
- NEXTJS
- REDUX
- REDUX TOOLKIT
- MUI
- SASS
- TAILWIND
- JSON

EXPERTISE

- RESPONSIVE DESIGN
- FUCTIONAL PROGRAMMING
- ASYNCHRONOUS PROGRAMMING
- COLLABORATION
- RESEARCHING
- COMMUNICATION
- CI/CD
- AGILE METHODOLOGY
- TESTING
- CREATIVE PROBLEM-SOLVING
- TECHNICAL PLANNING

TOOLS & PLATFORM

- GIT
- GITHUB
- FIREBASE
- VERCEL
- HEROKU
- MONGODB
- WEBSOCKET…

- Utilized git for version control, managing branches, commits, and collaborating on code reviews with peer

PROJECTS

Collabofund

- Collabofund is a versatile financial management app offering a wide array of features that allow users to contribute money, withdraw funds, and monitor contributors' progress.

ParrotAI
- It is a one app to manage all your social media content post. Smartparrot helps you generate content for all your social media platforms, schedule posts, assign tasks, and track activity across your social accounts

Shopsy
- Developed a fully responsive e-commerce website using ReactJS and TypeScript, featuring dynamic product listings and animation that impact additional user experience

Tracker

- The app is an IP Address Tracker that provides users with the ability to view their own IP address and location on a map upon initial page load. Users can search for any IP address or domain to see key information and its location

Quiz App
- I built a real-time quiz application using ReactJS, allowing users to try their knowledge on computer questions while they get the correct answer and score by the end of the quiz

INTEREST

- DEVOPS
- AI
- CHESS
- FOOTBALL
- TRAVELING

EDUCATION

University of Ibadan, Nigeria.
2021-2023
MSc. Animal Products and Processing

Obafemi Awolowo University, Nigeria
2014-2019
BSc. Animal Science
Second class upper division
